IMRAN AHMED

INDEPENDENT WEB DEVELOPER

Email: project.developer.tech@gmail.com
Phone: +8801957329211
Location: Sirajganj Sadar, Bangladesh
Portfolio: myprojectinfo.vercel.app

PROFESSIONAL SUMMARY

Independent Web Developer specializing in engineering feature-rich Progressive Web Apps (PWAs) and browser-based software tools using Vanilla JavaScript (ES2023) and Firebase cloud backend integration. Demonstrated track record of designing full-featured web applications — spanning offline-capable educational platforms and collaborative code editors to community foundation hubs and responsive e-commerce platforms. Committed to clean architecture, performance optimization, responsive UI/UX design, and crafting accessible digital products.

TECHNICAL SKILLS

Core Languages & Web APIs:
JavaScript (ES2023), Canvas API, Web Components, HTML5, CSS3, DOM Manipulation

Backend & Cloud Infrastructure:
Firebase & Firestore Database, Firebase Authentication, GitHub OAuth, GitHub Pages

Architecture & UI/UX Design:
Progressive Web Apps (PWA), Offline Service Workers, IndexedDB Management, Performance Tuning, UI/UX

EDUCATION & LANGUAGES

Higher Secondary Certificate (HSC)
Department: Science | 2nd Year (Ongoing)
Institute: Moulana Bhashani College, Sirajganj, Bangladesh

Languages
- **English:** Working Proficiency
- **Bengali:** Native Speaker

FEATURED PORTFOLIO PROJECTS

1. Rupsha Jonokollan Foundation
Website: https://rupsshajf.vercel.app
Community foundation platform featuring a Firebase-powered member verification and administrative management system.

2. Quran Bangla
Website: https://quranbangla.vercel.app
Bengali Quran reading Progressive Web App (PWA) with offline surahs, audio recitation, bookmarking, and Firebase device sync.

3. Tech Verse Code Editor
Website: https://tvcedit.vercel.app
Lightweight browser-based collaborative code editor built with pure vanilla JavaScript and real-time live preview.

4. Tech Verse Site
Website: https://tvsites.vercel.app
Developer portal and web hub showcasing Tech Verse software utilities, web documentation, and digital tools.

FEATURED PORTFOLIO PROJECTS (CONTINUED)

5. Tech Verse Course
Website: https://tvcourse.vercel.app
Interactive web learning platform engineered for structured coding tutorials, course modules, and progress tracking.

6. Tech Verse Exam
Website: https://tvexam.vercel.app
Online examination and testing engine featuring timed quiz modules, automated test scoring, and performance analytics.

7. BuyZen Shop
Website: https://buyzenshop.vercel.app
Modern e-commerce application with dynamic product catalogs, responsive shopping cart management, and online checkout flow.

8. MazeFlow
Website: https://imran-s-project.github.io/MazeFlow/
Interactive browser game and algorithm visualizer demonstrating real-time pathfinding, maze generation, and Canvas rendering.

9. Tech QR Code Generator
Website: https://tvqrcode.vercel.app
Fast web tool for instantly generating, customizing, and downloading high-resolution QR codes for web links and text.

10. Academic Question Generator
Website: https://imran-s-project.github.io/QuestionGenerate/
Educational web software designed for generating structured academic question papers and customized exam practice sheets.

TECHNICAL COMPETENCIES & DEVELOPMENT PHILOSOPHY

• **Progressive Web App (PWA) Architecture:** Specializing in offline-first web application engineering using Service Workers, IndexedDB, and browser caching strategies to deliver instant startup and cross-platform desktop/mobile installability.
• **Cloud Infrastructure Integration:** Proficient in Firestore database design, real-time data synchronization, security rules, and client authentication workflows (Email, GitHub OAuth).
• **Modern Vanilla JavaScript Expertise:** Focused on building clean, lightweight, framework-less ES2023 applications using native Web Components, Custom Elements, and HTML5 Canvas graphics.
• **Responsive UI/UX Design:** Committed to mobile-first interface development, intuitive navigation systems, accessible typography, and seamless cross-browser compatibility.
